WHO WE

About Us

PROFESSIONAL TURNKEY SOLUTION PROVIDER

ITALIAN CONCEPT (IC), based in the UAE, is a leading solution provider for the professional kitchen and laundry sectors, working in association with major local market leaders and globally renowned Italian brands.

IC delivers comprehensive turnkey solutions and project management services, covering every stage of the project lifecycle—from concept design and equipment supply to installation, testing & commissioning, training, after-sales service, maintenance,

and spare parts supply for all industrial kitchen and laundry equipment.

Our head office features a fully operational professional kitchen, designed as a dedicated training and demonstration facility for our clients. We provide hands-on technical training to ensure the proper use, operation, and care of all equipment.

MADE WITH LOVE

More than thirty years before the establishment of **Italian Concept LLC**, our sister company in Italy and the UAE had already been successfully delivering projects across a wide range of sectors, including communities, hotels, healthcare facilities, restaurants, malls, industrial developments, and residential projects.

This extensive experience, combined with continuous innovation and a strong customer-centric approach, has enabled the company to provide tailor-made solutions characterized by high quality, reliability, and long-term performance assurance.

SUPPLY | INSTALLATION | MAINTENANCE | TRAINING | SPARE PARTS

ITALIAN CONCEPT LLC offers a wide range of comprehensive services in the Industrial Kitchen and Laundry equipment fields.

IC assigns a project manager to your project to offer you a personalized service tailored to your needs. This will ensure complete coordination from the beginning to the delivery of the project.

Our consulting & design department studies your needs and proposes the most practical and cost effective design, equipment and appropriate brands for your project based

on your requirement, the laws and regulations but also on our market knowledge and long experience in this field.

PARTNER

“Contributing to design and then producing a professional kitchen, is like creating a tailored garment. We believe in rationalizing for spaces, in harmonious aesthetic appeal and functional integration. This is why we produce, and intend to continue making customized kitchens.”
